Inland Lakes School District

ACADEMICS

19 Transfer Programs

9 General Transfer Programs

AA, AS, AGS

- 2 can be earned 100% Online
- These degree programs are for students who plan to transfer to senior institutions.

10 Statewide Transfer Pathways

AA, AS

- 5 can be earned 100% online
- Students transfer their NCMC general education courses with guaranteed acceptance at participating four-year institutions in Michigan.

47 Occupational Programs

AAS, C, CD

- 2 can be earned 100% Online
- These career programs are designed to prepare students for the workplace rather than to transfer to a four-year college or university.

13 Fast Track Programs

Each Fast Track program can be completed in 4-24 weeks (depending on the program) and results in industry-specific certifications designed to meet regional workforce demands and employer requirements.

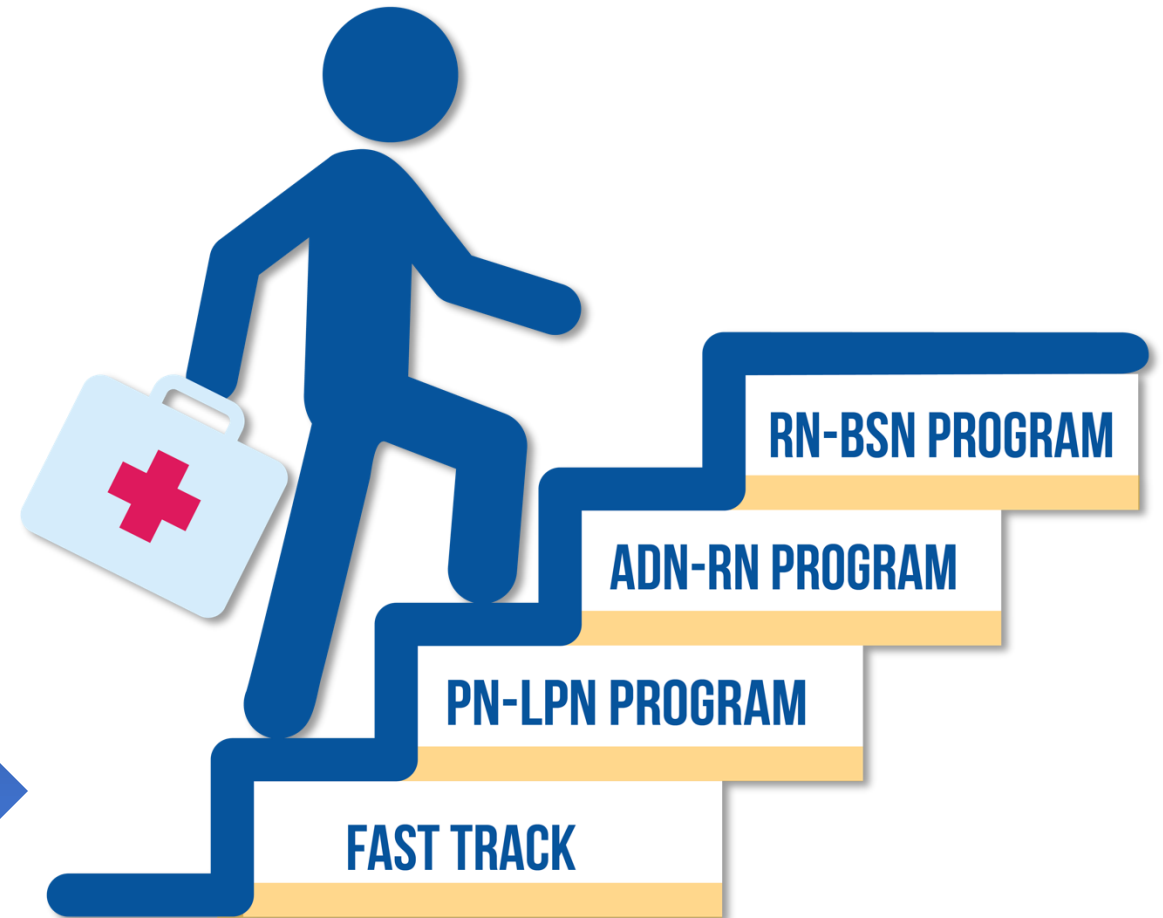

LADDERED LEARNING

Stackable Credentials

NCMC is leveraging short-term offerings that can either stand on their own or build onto one another.

Nursing Career Ladder

Our nursing career ladder will allow graduates to quickly earn the certification to begin an in-demand healthcare career, while giving them the option to return to college for additional credentials when it makes sense for them personally and professionally.

- Academic Advisory Boards
- Partnering with others to benefit the region
 - Childcare
 - Healthcare
 - Affordable Housing

Community Education

- Lifelong Learning Classes
- Luncheon Lectures
- International Lectures
- Summer Learning Academy for Kids

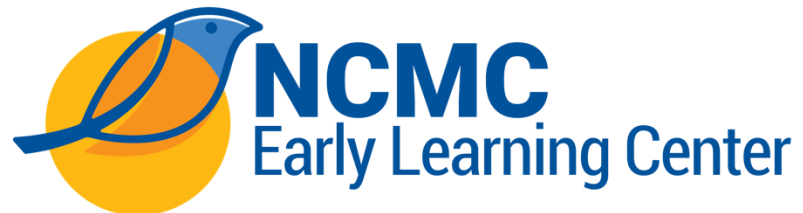

COMMUNITY COLLABORATION IN ACTION

With the support of a **Child Care Access Means Parents in School (CCAMPIS)** grant from the **Department of Education**, NCMC is supporting the success of the students with young children.

Support includes:

- Finding and securing childcare,
- Helping with the cost of childcare expenses,
- Building a student-parent support network, and
- Connecting student-parents to other community supports.

Phase III: NCMC's Child Care Initiative

The creation of the NCMC Early Learning Center, housed on our Petoskey campus.

The NCMC Early Learning Center will provide the mechanism for scaling-out and scaling-up the local innovations to other communities in our region and throughout the state. These innovations will:

- Serve as models for success,
- Be examples of quality solutions, and
- Provide evidence that local, community-based solutions are the most sustainable.

Phase III is supported through a grant from the Dept. of Education and funding from:

- **Emmet County**
- **Leadership Little Traverse**
- **Petoskey-Harbor Springs Area Community Foundation**
- **Women Who Care in The Tip of the Mitt**
- **NCMC**

FORGING FUTURES TODAY

Interior renovations to nursing & allied health spaces doubled high-fidelity simulation space, added debriefing rooms

\$22M Career & Technical Education Enhancement (CATEE) Project
Phase I: June — October 2024

CATEE Project Phase II launches with a ceremony honoring cultural heritage and advancing education in healthcare, technology, and skilled trades

FORGING FUTURES TODAY

\$22M Career & Technical Education Enhancement (CATEE) Project
Phase II: Early 2025 — Fall 2026

▶ **Expanding the Health Education & Science Center by 7,200 s.f. to enhance nursing and allied health programs**

▶ **Replacing our 59-year-old Technology Building with the state-of-the-art 11,750 s.f. Martin Jahn Technology Center**

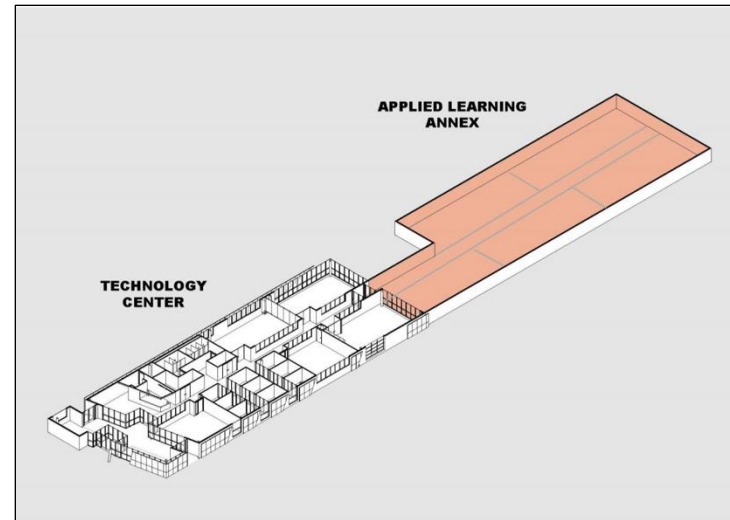

TRANSFORMING TOMORROW

New Residence Hall: Quad-Style Apartment Living

- Addresses a barrier to success for current and prospective NCMC students
- Provides additional seasonal (summer) housing for community members
- Draws new students from outside of our area

Skilled Trades Education Pathways (STEP) Center

- Grows workforce development capabilities in the construction trades (wood shop, HVAC, plumbing)
- Provides space for hands-on instruction
- Offers education for welding/metalworking and motion control (pneumatic, hydraulic, electromechanical)

Dental Hygiene (*Exploratory Phase*):

- Establishes NCMC as the only provider of dental hygiene education north of Big Rapids (Ferris State)
- Provides education in a field offering stable, year-round, high-wage employment
- Addresses a regional talent shortage

T  **GETHER** | *We thrive.*
